Job Title: Renewable Energy and HVAC Installer

About Envinity: Envinity is an employee owned company grounded in the comprehensive systems approach to green design, construction and energy management for residential and commercial clients. We employ mature individuals who exhibit a keen sense of responsibility to the task at hand as well as client/Envinity interactions. As an employee owned company, we expect all of our team members to demonstrate an ambition to constantly improve our operations. Envinity is a leader in energy efficiency systems implementation in Pennsylvania and require the same commitment to exceptional work of all of our team members.

Job Details: Envinity's Residential Services Group is seeking an experienced Renewable Energy and HVAC Installer to contribute to our continued growth. You will be responsible for working along side our experienced lead installers installing solar photovoltaic and mechanical systems with a strong focus on energy efficiency and high quality implementation. Work in 2016 will primarily focus on installing grid-tied solar photovoltaic systems. Beyond 2016, there will be a strong focus on installing heat pumps, condensing boilers, geothermal heat pumps and ductless/ducted minisplits. Additional responsibilities may include electrical, plumbing, and project estimation.

Required Skills:

- Experience installing solar photovoltaic systems
- Strong problem solving skills
- Personal and jobsite organization
- Excellent communication with clients and team
- Ability to work efficiently under a site manager
- Valid driver's license

Desired Skills:

- 3-5 years experience in residential or light commercial installations
- NABCEP Certification
- NATE certification
- Experience with ENERGY STAR HVAC Installation program

Applicant Submittals

- Cover Letter
- Resume

All interested applicants should make an initial submittal to: info@envinity.com
Subject: "Renewable Energy Installer"

Applicants selected for our extensive interview process must agree to motor vehicle record and background checks.
